

Chart of the Day

Don't screw this up! Seriously! Just don't screw this up.

October 8, 2025

Dan analyzed Solana ETF volatility shares and discussed their high volatility characteristics, recommending a cautious approach to investing with gradual position increases. He strongly endorsed Crypto Market Mentor, a trading service led by Scott, based on personal experiences and member testimonials, while offering a money-back guarantee for new subscribers. Dan also shared his perspective on cryptocurrency investments, expressing confidence in the long-term potential of major cryptocurrencies like Bitcoin, Ethereum, and Solana.

Next Steps:

1. Meeting attendees to consider subscribing to Crypto Market Mentor for \$7 to access Scott's cryptocurrency trading insights.
2. Meeting attendees to review Solana ETF as a potential investment opportunity.
3. Meeting attendees to watch for Solana ETFs expected to launch in approximately one month.
4. Meeting attendees to join the Crypto Market Mentor Telegram channel for active trading discussions.
5. Meeting attendees to participate in Scott's Wednesday training sessions for cryptocurrency trading education.

1

00:00:01.810 --> 00:00:20.329

Dan Fitzpatrick: Okay, hey everybody, Dan here, and I want to, show you, the, Solana ETF, these volatility shares, 2X Solana. So this thing moves a lot. I know you're not looking at the chart yet, but, and hey.

2

00:00:20.400 --> 00:00:37.170

Dan Fitzpatrick: This is as good as it gets. No. So this thing moves a lot, and it doesn't necessarily move in sync with Solana. I mean, generally it does, and Solana's setting up, to where, it's really starting to make a pretty good...

3

00:00:37.170 --> 00:00:42.519

Dan Fitzpatrick: a pretty good move, at least according to my compadre, Scott.

4

00:00:42.520 --> 00:00:51.270

Dan Fitzpatrick: It's really, really doing, really doing well. In fact, I will... Show you right here.

5

00:00:51.390 --> 00:00:57.249

Dan Fitzpatrick: how this is doing. Let me pull the... Let me share my screen. Not that you have a choice.

6

00:00:59.500 --> 00:01:10.929

Dan Fitzpatrick: Okay. So you can see how Solana, this is a daily chart. It's been trending nicely, right along this, key moving average. If we look at the weekly.

7

00:01:11.800 --> 00:01:19.230

Dan Fitzpatrick: Oh, we'll look at the weekly chart here. Forget about the moving averages now. But you can see where it's got just this flat top.

8

00:01:19.340 --> 00:01:27.970

Dan Fitzpatrick: A really, really solid, flat top here, and if this stock starts to... starts to break out,

9

00:01:29.570 --> 00:01:32.699

Dan Fitzpatrick: like... above there.

10

00:01:35.360 --> 00:01:51.130

Dan Fitzpatrick: This is gonna have a really nice move. Really nice move. And so, I want to start getting in a little bit early, but because I tend to be a greedy sucker, I want to see if I can get more bang for my buck. So this doesn't look like much.

11

00:01:51.130 --> 00:02:02.579

Dan Fitzpatrick: But it's... this is almost 7% price appreciation, and it's just kind of chopping around. The reason I'm saying that is because this is kind of not for the faint.

12

00:02:02.610 --> 00:02:17.589

Dan Fitzpatrick: of heart. You can get these big swings, and so if you try to manage your position, if you try to manage your risk by keeping pretty tight stops, you're gonna have a hard time

13

00:02:17.610 --> 00:02:28.970

Dan Fitzpatrick: not getting shaken out, because the stock can, really, really move. And also, one thing that you may not notice here, this is really gappy.

14

00:02:29.070 --> 00:02:36.190

Dan Fitzpatrick: it gaps... all the time, like, in a big way. Here, this thing gapped up.

15

00:02:36.190 --> 00:02:44.310

Dan Fitzpatrick: Over 10%, you know, 11%, and then from here, it gaps down 6%, then the next day.

16

00:02:44.310 --> 00:03:01.449

Dan Fitzpatrick: gaps down over 10%. I mean, this thing is... you're on a real wild ride here, 43, 44% in a matter of, what, a week? Little over a week in trading, 6 days. So this is one that can... it can either kill you.

17

00:03:01.460 --> 00:03:25.560

Dan Fitzpatrick: Or make you really, really happy. And so, what I did was I... and by the way, members, I'm going into a lot of detail on this. I'm not gonna go into it now. I'll go into a lot of detail about how to build big position sizes without incurring more risk. In fact, actually, how to take less risk while you're giving yourself more upside exposure. Not gonna go into that now. I'm just telling you that on something like this.

18

00:03:25.560 --> 00:03:28.540

Dan Fitzpatrick: You would want to start with a small position.

19

00:03:28.540 --> 00:03:46.080

Dan Fitzpatrick: And then once the stock starts working in your favor, maybe, runs up above, like, this level here, once it starts working in your favor, that's when you start building, building a position, taking, you know, it's up 10%, you can raise your stop up.

20

00:03:46.080 --> 00:03:59.679

Dan Fitzpatrick: a little bit, and then take more stock, and then gradually, as Solana starts moving, and they are going to be, starting ETFs, Scott says he thinks, like, maybe in a month or something like that.

21

00:03:59.920 --> 00:04:11.160

Dan Fitzpatrick: that's when I think this thing's really gonna get... this thing's really gonna get going. So, that's all I have for you, but one thing, I'm totally serious about this. If you are not...

22

00:04:12.660 --> 00:04:26.090

Dan Fitzpatrick: If you... I'm just telling you, if you are not a member of, Crypto Market Mentor, you are truly missing the boat. Like, you're missing... Scott is doing amazing work.

23

00:04:26.090 --> 00:04:36.779

Dan Fitzpatrick: I was just telling a friend of mine, not associated with, with me or with Scott or anybody else, but I was just telling him that if I really wanted to make...

24

00:04:36.810 --> 00:04:52.100

Dan Fitzpatrick: If I really just wanted to make easy money, kind of like retire, which is always enticing to me, but I'll never probably do it, they'll have to drag me out with a tow tag. But if I just really wanted to retire and not do very much.

25

00:04:52.680 --> 00:04:55.229

Dan Fitzpatrick: I swear. I said.

26

00:04:55.460 --> 00:05:12.130

Dan Fitzpatrick: I would just subscribe to Crypto... well, I don't have to just subscribe to Crypto Market Mentor because I own it. Scott and I are partners. But I would just go on Crypto Market Mentor and just trade what Scott's trading. I just follow Scott, and apply my technical analysis, what I know.

27

00:05:12.130 --> 00:05:18.939

Dan Fitzpatrick: To Scott's analysis, and I would make a crap load of money. And so, the nice thing is.

28

00:05:19.460 --> 00:05:25.099

Dan Fitzpatrick: You can do that. You can do that. And I will challenge... I'll challenge you on this.

29

00:05:25.100 --> 00:05:43.139

Dan Fitzpatrick: And you can get on Telegram, and they have a really active Telegram channel. A really active Telegram channel. These guys, I just talked to one lady last week, she's a member, and she told me, she almost kind of had tears in her eyes, she said, I have made life-changing money with Scott.

30

00:05:43.200 --> 00:05:48.989

Dan Fitzpatrick: And so, am I kind of pounding the table here? I can't, because it'll shake the camera. Watch.

31

00:05:49.200 --> 00:06:11.079

Dan Fitzpatrick: See, I can't do that. But I am just telling you this. I'm doing the hard sell here. You need to be a... you need to at least try, a subscri... what, I think it's 7 bucks or something. If you can't afford 7 bucks, then you're not a trader. But you need to look at Scott's work. You will make money, I flipping promise you.

32

00:06:11.080 --> 00:06:19.639

Dan Fitzpatrick: If you don't make money, I'll give you your 7 bucks back. How's that? Just email Karen and say, I want Dan to send me a personal check for 7 bucks.

33

00:06:20.430 --> 00:06:29.210

Dan Fitzpatrick: And I'll do it, if it means that much to you. But, one last thing, I'll leave you with this, I don't know why.

34

00:06:29.250 --> 00:06:30.760

Dan Fitzpatrick: But I,

35

00:06:30.760 --> 00:06:53.850

Dan Fitzpatrick: Dean Graziosi's a friend of mine. I haven't seen... I'd have to say he's an acquaintance, I haven't seen him in years. But, I was talking to him, he's like the real estate guy, you know, he doesn't do that anymore, but he had, like, the longest-running infomercial in history. It was running constantly for years, all over the place, and I told him the last time I saw him, I said, like, dude.

36

00:06:55.260 --> 00:07:10.800

Dan Fitzpatrick: You have really aggressive sales. Like, I see your infomercials, and you are literally, like, browbeating people, telling them they have to buy, they have to do this and that. Do you ever kind of get some pushback on that, or, I mean, how do you feel about that?

37

00:07:10.800 --> 00:07:15.379

Dan Fitzpatrick: And he looked at me with all sincerity, and he said, you know what, Dan? Honestly?

38

00:07:15.490 --> 00:07:28.529

Dan Fitzpatrick: if I could, I would force everybody to buy my program, to get into my program, because I have made so many millionaires, you have no idea, and so I kind of feel like I'm...

39

00:07:28.530 --> 00:07:36.040

Dan Fitzpatrick: like I'm cheating people if I don't really, really urge them to get involved. And so...

40

00:07:36.900 --> 00:07:52.729

Dan Fitzpatrick: I'm kind of feeling the same way about crypto, and notice now, I'm not talking about Stock Market Mentor, Option Market Mentor, those are... those are fantastic. I could pound the table on those, but if I do that, then you're gonna think...

41

00:07:52.820 --> 00:08:10.409

Dan Fitzpatrick: that I'm just trying to pitch you on one of the mentor, websites. And that's not... there's another time for that, and this ain't it. What I'm doing is, I am telling you that if you want to make serious money.

42

00:08:11.590 --> 00:08:13.650

Dan Fitzpatrick: Spend 7 bucks.

43

00:08:14.930 --> 00:08:16.879

Dan Fitzpatrick: 7 damn dollars.

44

00:08:17.170 --> 00:08:20.219

Dan Fitzpatrick: and subscribe to Crypto Market Mentor.

45

00:08:20.260 --> 00:08:25.550

Dan Fitzpatrick: you're not gonna regret it. Scott does, training sessions on Wednesday.

46

00:08:25.550 --> 00:08:45.649

Dan Fitzpatrick: unless there's something weird that happens, I'm always at those training sessions. And other than making a couple wise-ass comments here and there, typically, I have my mic off, I have my camera off, and I just listen and learn from Scott. So you can be that guy or that lady, too, okay? Don't screw this up.

47

00:08:45.650 --> 00:09:06.659

Dan Fitzpatrick: Don't, don't blow this. Don't put yourself in a position where 2, 3, 4 years from now, when, like Bitcoin, for example, which we've got a ton of it, when Bitcoin is up at \$200,000 or \$250,000, and be wishing that you had been in back when it was \$100,000 or \$120,000.

48

00:09:06.660 --> 00:09:13.300

Dan Fitzpatrick: I... I... I think our, our cost basis, our cost basis in Bitcoin

49

00:09:14.160 --> 00:09:33.649

Dan Fitzpatrick: is, like, \$21,000, so obviously we've held it, for a long time. But I will tell you, I had bought some, my first chunk of Bitcoin, was at \$7,000. And there were actually times, like, years before, when hardly anybody had heard of Bitcoin, when I had intended

50

00:09:33.650 --> 00:09:38.790

Dan Fitzpatrick: to buy a bunch of it. This is when it's like, wait, the Winklevoss brothers?

51

00:09:38.790 --> 00:09:42.159

Dan Fitzpatrick: Aren't those the guys that got screwed by Zuckerberg?

52

00:09:42.160 --> 00:10:01.769

Dan Fitzpatrick: and they're really into this Bitcoin? Well, they're pretty smart guys, but I never followed up on it. I just totally forgot about it. And so, my first buys were around \$7,000, and then I wound up selling. Nice profit, but I did wind up selling. As soon as I really saw what was going on, I bought it back.

53

00:10:01.770 --> 00:10:03.420

Dan Fitzpatrick: Cost me more money.

54

00:10:03.730 --> 00:10:13.449

Dan Fitzpatrick: But I bought it back. And now I will buy... I'm like William Devane on, with Rosalind Capital. That's why I buy gold.

55

00:10:13.480 --> 00:10:32.630

Dan Fitzpatrick: every chance I get. That's the way I feel about Bitcoin. I'm doing it with Ethereum and Solana, too. Am I going into a lot of detail here? Yeah. Do you know why? Because I literally want to reach through the screen, pull your \$7 out of your pocket.

56

00:10:33.280 --> 00:10:36.190

Dan Fitzpatrick: And get you a trial subscription.

57

00:10:36.400 --> 00:10:38.340

Dan Fitzpatrick: to Crypto Market Mentor.

58

00:10:38.460 --> 00:10:47.059

Dan Fitzpatrick: Not stock market mentor, that's me. Not Option Market Mentor, that's a little bit of me, but mostly Sam and Andy.

59

00:10:47.440 --> 00:10:52.330

Dan Fitzpatrick: Crypto Market Mentor, and it's all Scott, all the time, all your money.

60

00:10:54.130 --> 00:10:55.409

Dan Fitzpatrick: You know what to do.

61

00:10:55.650 --> 00:10:57.020

Dan Fitzpatrick: I'll leave it at that.
